DESIGN/REMODELING, INC.

## DESIGN BIO *of* **VALERY TESSIER-LEON**

Valery joined Case Design/Remodeling in September 2005 as an Assistant Project Designer with the Design/Build Division. A year later, she was promoted to Project Designer. Her portfolio includes knowledge and design of major residential additions, interior remodeling transformations highlighting the use of enhancing new livable space, kitchens and master suites.

Valery holds a Bachelor Degree in Architecture from Laval University in Quebec and a Masters Degree in Space Sciences from the International Space University in Strasbourg, France. Early in her career she served as a flight controller at NASA Johnson Space Center in Houston, TX, before moving to the Washington DC area in 2003 to take a position with the French Space Agency (CNES) at the French Embassy.

The foundation of her design career began with various architectural and landscape design firms working as an intern architect on residential, commercial and government-funded projects in both Quebec and Panama. Valery strives to keep up with the current market trends by regularly attending product knowledge seminars and industry trade shows and maintaining a close relationship with major showrooms and suppliers in the DC area. She is also a Certified Remodeler and Certified Kitchen and Bath Remodeler from NARI and a Certified Green Advantage Remodeler. Originally from Quebec City, Valery is fluent in French and Spanish. She currently lives in Silver Spring, MD, with her husband and two young children.
